

COLLEGE OF EDUCATION

February 25, 2022

To Whom It May Concern,

This letter is being sent at the request of **ALEXA STEIN**. Alexa is currently in her fourth year at SUNY Fredonia majoring in Childhood Inclusive Education with an anticipated graduation date of May 2022. SUNY Fredonia's Childhood Inclusive Education program leads to New York State teaching certification in Childhood Education~ grades 1-6 and Students With Disabilities~ grades 1-6. In addition, Alexa is completing the requirements to be eligible to apply for a Middle School Extension in Spanish. Alexa's current overall grade point average is 3.42.

As part of the Childhood Inclusive Education program, Alexa successfully completed four field-based courses which offer the opportunity to gain teaching experience in local school districts. During these field placements, Alexa prepared and implemented lesson plans, learned about school culture and interacted with teachers, students and administrators. Currently, Alexa is completing her final semester of student teaching.

From her start at SUNY Fredonia, Alexa expressed the desire to participate in a study abroad program. Through careful planning, Alexa made this dream become a reality and traveled to Puerto Rico. Alexa studied at the University of Puerto Rico and earned six credits.

Alexa always attended additional meetings offered by the College of Education which helped students prepare for timely program completion. Alexa was always well prepared, attentive and organized.

As Alexa nears the end of her program and begins making plans to continue her education at graduate school, I wish her all the best. Alexa and I had the opportunity to discuss options and Teaching English to Speakers of Other Languages would be an appropriate option. It has been a pleasure working with Alexa.
